

The unique Excalibur 5000 features two cutting heads with four different cutting tools mounted on the same head for instant selection. The counterbalance ensures an easy glide cutting action, prevents damage when loading sheet materials, minimizes operator fatigue and increases production. The top Twin Wheel Cutting Head cuts 1/8" uncoated masonite and mat board. A standard medium duty utility blade accurately cuts Foamboard, Gatorboard, Sintra, corrugated cardboard, honeycomb plastics up to 1/2" thick. The scoring blade is used for acrylics and other rigid plastics. The tungsten carbide cutting wheel scores glass and mirrors up to 1/4" thick.

The unique Excalibur 1000x series vertical cutter features a single sliding counter-balanced head with 3 cutting and scoring tools ready for instant use. With a rigid clamping system, a set-for-life squaring mechanism and the standard wall mounting or optional free-standing kit, the Excalibur 1000X provides a noiseless, dust-free and cost effective cutting solution for materials used in a modern sign or graphic workshop.

Excalibur 5000

Item#	Cut Size	List Price
60376	63"	\$3,235

Excalibur 1000X

Item#	Cut Size	List Price
60364	63"	\$2,690

Optional Accessories & blades

Item#	Description	List Price
66002	Free Standing Kit	\$310
69108	Medium-duty blades (100)	\$25
69119	Heavy duty blades (100)	\$40

- Ready mounted integral tools with rotating wheel for maximum convenience.
- Control for cutting rigid PVC up to 1/2" thick.
- Wall mounting kit included.
- Pressure sensitive clamp.
- Complete set of production stops.
- Fitted counterbalance (Excalibur 5000 only)– less fatigue, accidents & easy loading of materials.
- Single cut line & sightline strip for maximum accuracy with all tools.
- 5 Year guarantee (excluding replacement cutting wheels).
- 20 Year free replacement on all bearings.
